the venue

The National Motorcycle Museum has three excellent purpose-built exhibition spaces which are ideal for the fair. The fair was held here for many years before the fire in 2003. Being near to the NEC it is well signposted from major routes such as the M42, M6 and M5. There will also be AA signage.

stands

The fair can accommodate over 100 stands in the three halls. Each table measures 6ft or 4ft x 2ft 6ins. Chairs will be provided. While we will endeavour to maintain stand positions this cannot be guaranteed.

Exhibitors must provide their own table coverings which should extend to the floor at both the front and sides. Power is available to all tables for lighting purposes *only*. Exhibitors should ensure that their extension cables and lights are electrically safe and tested regularly.

No tables can be used other than those provided except for a small table behind your stand to work from, so long as you do not impinge on your neighbours' space or access. Please advise us of this in advance. If you wish to use floor standing display cases then you must discuss this with us before booking. **Tables must be left in their original position.** Please check your tables before use. In some positions it may be possible to use additional slim tables (15ins x 6ft). If you are interested in a slim table please contact us.

Only two entry badges will be issued per stand unless by prior arrangement. Your badges and table numbers will be left on your table for you when you arrive. **Please wear your badges at all times in order that we may identify visitors who try to gain early entry to the fair. Your cooperation in this matter would be appreciated.**

Please be aware that stands cannot be shared with, or assistance given by, other non-participating dealers/collectors without written permission from Specialist Glass Fairs
